

LOT DIAGRAM for LOT 426

SCALE: 1/16" = 10"

This lot diagram is a representation of approximate site conditions and the urban regulations as they currently exist. Middleton Hills, Inc. does not warrant nor guarantee the accuracy of the information contained herein. The lot purchaser should independently verify all dimensions, and lot conditions, including (but not necessarily limited to), both topographical information as well as the location and depth of the water and sewer laterals, that may in any way influence the house and site design and subsequent construction.

Note: Face of building to be parallel to Build to Line
